

DOUBLE CASEMENT DOOR

Wide Open Living. Double Panel.

Two outward-opening panels create a generous, unobstructed opening — ideal for connecting living spaces to patios, gardens, and outdoor entertaining areas. Built on the same thermally broken aluminum system as our windows.

Slim 2-inch frames and 24mm Low-E argon glass deliver maximum light and views. Flush threshold and concealed multi-point locking on both panels keep the profile clean and the seal weathertight.

SAVE 30–50% vs. comparable US & European manufactured products — same quality, direct from factory

KEY FEATURES

- Dual outward-opening panels for wide openings
- Thermally broken aluminum with polyamide barrier
- Multi-point locking on both active and passive panels
- Optional retractable insect screen available
- AAMA 2604/2605 powder coat finish
- Custom sizes down to the millimeter
