

EUROPEAN FRAMELESS CABINETS

Sleek European Design. Zero Compromise.

Our European frameless cabinetry uses the 32mm construction system for a clean, modern look with no face frame — maximizing storage and seamless door alignment.

Built with 3/4" plywood boxes, Blum soft-close hinges, and Tandembox drawers — European quality at a fraction of the cost.

SAVE 30–50% vs. comparable US & European manufactured products — same quality, direct from factory

KEY FEATURES

- Frameless 32mm system — full-overlay construction
- 3/4" furniture-grade plywood cabinet boxes
- High-pressure laminate (HPL) doors — scratch & moisture resistant
- Blum Tandembox metal-sided soft-close drawers
- Slab, flat-panel, and high-gloss door styles
- Custom-built to your kitchen specifications
